About Me

As a Graphic Designer. I focusing on developing a variety of visual design projects, from branding and promotional media to digital design. With the ability to understand client needs and transform ideas into compelling and functional visuals, I consistently strive to deliver designs that are not only beautiful but also communicate powerfully.

Work Experience

Graphic Design | July - October 2025

PT. Kichiri Rizki Abadi

- Collaborate with the Public Relations team to determine mood board designs and print designs to suggest to the Vice President.
- Create design requirements for meeting materials for outlet supervisors to improve sales and customer service.
- Create print design requirements and ensure print results meet the quality desired by the company.
- Translating the concept ideas/briefs previously created by the Public Relations team into designs.
- Work on designs according to the deadlines set by the Vice President and Public Relations team with the results desired by the company.

Graphic Design | April - November 2024

Beauty Palace Aesthetic

- Collaborate with other creative teams: Head of Marketing, Social Media Specialist, Videographer and Copywriter.
- Create design needs according to brand identity for Marketing Campaign materials on Social Media: Instagram.
- Create print design requirements and ensure that the print results meet the quality desired by the company for offline promotion to clients.
- Translating the concept ideas/briefs previously created by the Social Media team into designs.
- Work on designs according to the deadlines set by the Head of Digital Marketing and Social Media Specialist with good results and according to the company's wishes.

Admin Purchasing | June - December 2023

PT. Kopi Anak Bangsa

- Create and send purchase forms for operational goods to vendors who work with the company and ensure timely delivery.
- Make reports to the company's finance department for purchasing goods for the company's operational needs.
- Checking purchased goods according to company SOP and reviewing the stock availability of operational goods after purchasing goods.
- Carry out communication with the operational department regarding purchase order requests and be responsible for the availability of operational stock properly.

Graphic Design | March - September 2022

Langit entertainment

- Collaborate with other creative teams: Media Specialist, Videographer and Copywriter to align the ideas that have been discussed between visuals and text.
- Create designs according to content needs for Social Media: Instagram and TikTok according to current trends to remain relevant to the audience.
- Create designs for YouTube channel thumbnails with different programs with styles that have been previously discussed by producers and other creative teams.
- Create additional supporting visual elements for the content shooting process when there are brand build-in products included in the content program to be broadcast.
- Discuss with the Videographer about the layout of additional supporting visual elements that will be included in the frame during the shooting process in the studio so as not to disturb the audience's view.

Intern Graphic Design | January - March 2022

My Iceland Indonesia

- Create designs according to briefs for social media needs: Instagram Feed and Instastory to introduce My Iceland Indonesia products to customers via social media platforms.
- Collaborate with the purchasing and finance teams to ensure the printed design results are of the quality desired by the company and ensure costs do not exceed those set by the company.
- Working on print design needs and ensuring that the print results meet the quality desired by the company.
- Compiling a design data file for product catalog requirements for customer purchases when visiting the My Iceland Indonesia store.
